'Since we have been a couple we often spoke of taking dance lessons, simply because we had so much fun dancing and thought it would be even better if we knew what we were doing. Before we knew it we were getting married and with only 8 weeks until the big day we still hadn't taken any lessons. We thought it was impossible in such a short time but then we came across Yasmin, the convenience of her coming to our house and the one on one lessons with her were excellent. She immediately made us feel comfortable and her encouragement helped us through our dance routine all the way through to our wedding day. We both looked forward to our dance lesson with her as it made us forget all the stresses of planning the wedding and focus on having some fun for a little while. Weeks before the wedding we found ourselves practising our dance routine everywhere we could, at the airport whilst waiting for relatives, on my dad's farm on a Sunday visit and of course in our own living room whenever we had the chance. Yasmin's idea of having a dance lesson at the reception centre was a great idea and it sure helped us get a feel of the space we had. On the night everything went very well and we had so much fun doing our dance, thank you Yasmin for your support and encouragement we were very fortunate to have found your service and will remember our wedding dance forever.'

Dear Yasmin,

"Just a short note to say, thank you from both Dennis & myself. Everybody at our wedding was very impressed with our wedding dance sequence and we really enjoyed surprising everyone. Thanks for your patience and for being such a great teacher."

To Yasmin,

"Thank you for the wonderful way you went about teaching us our wedding dance. It went very well on the night and brought tears to Brad's Mums eyes! Our dance lessons were without a doubt the most enjoyable part of our wedding. You were amazing!"

Dear Yasmin,

"We are writing to thank you for your fabulous dancing lessons in preparation for our wedding. Given that we had never had professional dancing lessons, you took us and lead us through step by step with extraordinary patience & kindness. It was definitely the most fun and relaxing part of our wedding plans. We looked forward to each lesson knowing that there was a fantastic routine forming. Yasmin, thank you for giving us something we will always treasure."

With sincere appreciation, Michael & Maree Nasso
